

Requires SC-500  
or larger parts set.

**WARNING:** Moving parts. Do not touch the fan or motor during operation.

**WARNING:** Do not lean over the motor.

### Police Helicopter:

Build the circuit and place the fan on the motor. Turn on the slide switch (S1), "P" is displayed and an alarm sounds. Now hold down the press switch (S2), the decimal point lights and the helicopter (the fan) launches.

This circuit was created by  
Carol from California.
